For those of you who live in or near Mattapoisett, there's one great reason to bank at Plymouth-Home National Bank. We're the only commercial bank in town.

So if you're driving to other towns to do your banking, maybe you ought to re-consider. We've just increased the interest on our savings accounts to 5¼%. And we've also just lowered the minimum on many certificates of deposit to $500.

You can get to our Mattapoisett office on foot, by bike (park in our bike rack) or by using very little gas. That fact alone makes Plymouth-Home very sweet, indeed.

## Rochester 300

The Rochester 300 Committee is full of gratitude to several very important people who made our "birthday party" successful, and we would like the citizens of Old Rochester to know just who they are:

Rene Rivet, parade chairman, working without experience in parades, who put on a splendid show.

Nancylee Gaucher, working with a broken ankle and a lot of amateur actors and a sprinkling of experienced ones, who directed the pageant.

Harry Brown and Michael Bare who handled the difficult job of lights and sound outdoors for the pageant.

Anna White, Carol LeConte and Margaret Doane in the Town Hall office for all the extra work they did in hundreds of ways.

The Rochester Police Department for an efficient job done in good humor and with such pleasantries that they added to the joyfulness of the day.

Mr. and Mrs. Harry Brown for donating flowers and a birthday cake to the reception for invited dignitaries.

Mr. and Mrs. Robert Douglas for opening their breezy barn and poolside for the reception, and making everyone pleasantly comfortable after a long, hot day.

The parade judges for a hard job, which no one envied, and which they did well and with good humor.

The Presto Press for wonderful coverage all year long of 300 events, which

SIDEWALK ARTS FESTIVAL
AND BEAUX-ARTS PICNIC

"Every true artist is the salvation of every other ... only artists produce for each other the world that is fit to live in ...", wrote the novelist, D.H. Lawrence. Enter the world of inspired imagination at the Marion Art Center Sidewalk Arts Festival, where the worlds of many local artists and artisans come together in an outstanding exhibit of talent on August 4th and 5th from 10 a.m. to 5 p.m. Come see demonstrations in the rarer arts of Batik, Navajo Weaving and Chinese Calligraphy. Learn how to use the roots, leaves, berries and bark of wild-flowers, trees and bushes to produce natural dyes.

Arnett Peccini, who has studied both natural and classical dyes, will demonstrate the entire process throughout the weekend. Stalking the country roadsides, neighbors'

yards and her own property, Arnett gathers the familiar black-eyed Susan, milkweed, dandelion, Queen Anne's lace and goldenrod that most of us ignore, and uses everything from tomato leaves, onion skins, oak bark and arrowwood, to pokeweed, rhododendron leaves and zinnias. Always involved in research and experimentation, "I'll try anything that yields enough dye stuff", says Arnett, she keeps a detailed card catalogue recording the results of each project. Attached to each card are sample skeins of dyed wool that range from delicate pastels to the deepest hues imaginable. "It is the discovery of new colors that is exciting," says Arnett, "using new materials for color, I never obtain the same color twice. If I use a leaf in May, and then again in September, the color undergoes a change due to the season and climate."

Indeed, the colorful wool samples evoke a response in much the same way an artist's palette excites the eye. Working with natural dyes combines Arnett's interest in art and plants, and also has a practical application. "I've done tie dye with these colors, and hope to eventually do

The new edition of the League of Women Voters' telephone directory for Marion-Mattapoisett is about ready to go to press. We have tried to contact all present advertisers and reach as many new ones as possible. If you wish to have your business or profession included in the display or classified listing please call Mrs. Richard Waterhouse, 758-2498, or Mrs. Francis Gordon, 758-4541. It is the League's intention to update this popular household item every other year, thus giving its advertisers a two-year exposure.

A THANK YOU

On behalf of my family, my brothers, and their families, I would like to thank everyone who gave of their time and prayers during my mother's illness and death.

I would especially like to thank the District Nurses, Mrs. Sylvester, Mrs. Drake and Mrs. Boyd, who did so much for her to make her last days as comfortable as they could.

And, also, I would like to thank the Mattapoisett Police Department for all that they have done for her.

I would like personally to thank the three officers, Camacho, Pacheco and Davis for the way in which they transported her to St. Luke's when she was in such great pain, and they were able to do their job so well.

Too little is ever said about these kind of men and how well they do their jobs.

Again, I thank everyone for what they did for my mother, the late Mary J. Costa.

Sincerely, Anthony (Sonny) Costa

according to Warren E. Bishop, Adminstrator. The two-year accreditation was achieved following a thorough survey of the hospital by a professional survey team of the Joint Commission's Hospital Accreditation Program. The hospital was evaluated on the basis of information gained from questionnaires, other documentation, and an on-site visit which included conferences with the professional staff, service chief, and members of the governing body of the hospital.

The accreditation means that Tobey Hospital has voluntarily chosen to be measured by the standards of excellence developed by the Joint Commission and has been found to be in compliance with them. The two-year accreditation received by the hospital is the maximum granted by the commission.

The JCAH, a non-profit and non-governmental organization, was originated by the American College of Surgeons and includes the American College of Physicians, the American Hospital Association, and the American Medical Association. The hospital accreditation program is designed to help hospitals in their pursuit of excellence and thereby provide a higher quality of care to patients.

Tobey Hospital, now in its fortieth year of service to the greater Wareham community, is an 89 bed hospital which administered to 4,000 inpatients and 33,000 outpatients during 1978.

## Boston Children's Museum

Visitors to Boston's Children's Museum can now watch a team of Japanese craftsmen as they reassemble a two-story Japanese house and street scene inside Museum Wharf, the new home of the Children's Museum.

The 150-year old house has been given to Boston by her Sister City, Kyoto, Japan, and people in both cities are contributing the installation costs. When completed, the Kyo-machiya ("Kyoto-style artisan's house and shop") will be used to teach children and adults about contemporary life in Kyoto. The Japanese House exhibit and related programs feature crafts, home and work activities and an annual series of Japanese festivals.

Public tours of the house under construction leave the second floor lobby of the Children's Museum every half hour on Tuesday, Wednesday, and Thursday, 10 am-12 noon and 2:30-4:30 pm. The tour takes 15-20 minutes and there's a maximum of 10 persons per group. First come, first served. Museum admission fee required; no additional charge for tour.

Special guided tours by the museum's director of East Asian programs may be

LUNCH WITH A MASTERPIECE

A series of five noontime gallery talks is being offered by the New Bedford Whaling Museum. Each Thursday in August a specific Masterpiece from the collection will be studied in the gallery where it hangs. A light buffet lunch will follow. This is designed for the working person's schedule or the vacationer -- a new idea for lunch! The series will be presented by Richard C. Kugler, Director, and Elton W. Hall, Curator of Collections. Each week, one of them will analyze the selected painting by setting it in the context of the artist's life and career, and relating it to other aspects of the New Bedford Community of the peri-

that they have received approval from the Massachusetts Public Health Council on a Certificate of Need request for a major building program. Public Health officials presented their conclusions to the hospital's liason, Associate Adminstrator, Terrence G. Lewis, as a meeting held in Boston June 28th.

According to St. Luke's Executive Director, Alfred J. Smialek, the Public Health Council has approved a $22 million dollar program that will result in the relocation, consolidation and modernization of obstetrical, special care, emergency, ambulatory care, surgical and support services, etc. Construction of a new building adjacent to the Jones and Memorial buildings will allow for the more efficient reorganization of many presently decentralized services throughout the hospital. Hospital services presently existing in the Abbe, Schultz and Hathaway buildings will be relocated.

As a result of the building plan, St. Luke's bed size will actually be reduced from 446 to 433. According to Associate Administrator, Terrence G. Lewis, pediatrics beds will be reduced from 42 to 25 and obstetrical beds will be reduced from 30 to 27. There will actually be an increase of seven medical-surgical beds.

Emphasizing the hospital's need to consolidate and modernize, executive director Alfred J. Smialek expressed satisfaction with the decision of the Public Health Council. "The Council apparently shares our concern for space limitation at the hospital, and are attuned to the demands that will be placed on St. Luke's for additional services in the 1980's and 1990's," Smialek stated.

BANK HOLDS 2 BOARD MEETINGS

The Fairhaven Savings Bank held an unprecedented Special Meeting of the Corporators Monday, July 16, at the Allendale Country Club in North Dartmouth, in addition to the regular Trustees' Quarterly July 9.

The purpose of the meeting, as stated by bank President, Richard H. Carpenter, was to create a closer working relationship between bank management and the Corporators who are the representatives of the depositors at large; and, to brief them on the bank's view of its own particular place in an era of rapid technological change, galloping inflation, unusual competition from outside the industry along with the growing need of customers for personal financial counselling.

Vice President John L. Downey made the Forum Presentation "Savings, the Raw Materials - Loans, the Products We Sell" which includes the following: George Bunnell, Jr., Vice President & Treasurer, who delineated "Ways to Save - a Baker's Dozen"; William Dumas, Asst. Loan Officer, "Money-Mate & the Gold Care American Express"; Mortgage Officer Walter Bowman, "Home Improvement"; Dick Carpenter, "The Mortgage Market".

A buffet was served following the program.

## Your Theater

A philosophy of seeking excellence is an essential for any person who wants satisfaction working in the arts. No less must it be the goal of any group in the arts and we of Your Theatre have striven for excellence during all the 31 years we have served the greater New Bedford community.

Founded in the fall of 1946, the nucleus was Miss Mary A. Smith, a professional actress and dedicated teacher who imbued the other members with her ideals and love of the theatre. Incorporated in 1947, Your Theatre in its By-Laws states as its aims:

"-to enhance the cultural life of the community; to develop and encourage artistic talent; to encourage dramatic art".

Thus the aim was established and from our first presentation through some one hundred productions we have continued to work toward excellence.

In the fall of 1959 the first local use of arena staging was inaugurated with a production of Molnar's THE GUARDSMAN. For some years arena staging in combination with a thrust stage was used exclusively. The intimacy of arena production appealed to our audiences and its value in develop-

TRUSTEES' QUARTERLY

The regular Quarterly Meeting of the Trustees of Fairhaven Savings was held July 9 in the Bank's board room. A report, prepared and presented by Cecilia Ward and Deborah Jackson, on the bank's compliance with the Community Reinvestment Act (PL 95-128) was approved and accepted by vote. Copies of the CRA Statement are available at all three bank locations and a formal notice to that effect is posted. The Statement sets forth the delineated area serviced by the bank, its available products and evidence of fulfillment of bank policies.

Lazarus Alexion was elected Visiting Trustee to the Board of Investment for the next quarter.

ing acting technique broadened our capabilities leading to successful productions of such plays as TWELFTH NIGHT, HARVEY, AH WILDERNESS and THE BAD SEED. The year 1959 saw a return to proscenium staging and a larger theatre with THE MATCHMAKER given at Keith Junior High School and the facilities of this stage led, after a number of straight plays, to the very successful series of large cast and elaborately set musicals with MY FAIR LADY and THE SOUND OF MUSIC topping the list.

During all these years Your Theatre had dreamed of and searched for some building which could be used for rehearsal, permanent storage and general headquarters. In the spring of 1961 through the help of interested members and friends and the very generous cooperation of Mr. Rudolph Brenneke, the building at 100R Parker Street was rented and has remained our home. The coherence it gave Your Theatre and the rehearsal and scenery building facilities it allowed were to a very large degree responsible for the artistic and financial success of the complex musicals as well

as such straight plays as THE BRAGGART WARRIOR, NO TIME FOR SERGEANTS and RAISIN IN THE SUN.

Despite the satisfaction of these years, there were members who felt that Your Theatre must include with these large stage productions a more intimate stage and fuller use of our own building. So, in late January of 1967 - along with rehearsals for HOW TO SUCCEED IN BUSINESS WITHOUT REALLY TRYING - the first steps were taken to permit such use. Since that time at a cost of several thousand dollars and enormous labor, the Parker Street building has been converted to a theatre - severely limited in size and cramped in facilities - but entirely our own.

A decade in our own building has seen 36 productions ranging from the farce of THE SERVANT OF TWO MASTERS to the high drama of WHO'S AFRAID OF VIRGINIA WOOLF? and including musicals, children's theatre and other theatre techniques, art exhibits, cinema and other events. This ten years has seen the firm establishment of the only permanent live theatre in the area.

But, all of this is of the past - a prologue, we hope, to a future both brighter and of even greater service to the world of the theatre and to the community. For, even with this building, a prize acquired at such cost in money and dedication, we are restless. The achievement made here only whets our appetite for larger more flexible quarters with still better equipment, room for a larger audience, ample parking and a more accessible location. We are in a word "greedy". Greedy for the chance to work even harder; greedy for the opportunity and the tools to make theatre more meaningful in New Bedford.

We need help - every scrap of help we can get. We need larger audiences (and a place to seat them); we need more workers.
